ALLIED POWER AND CONTROL

breakers - busplugs - starters
switches - custom controls

The best way to reach us is by email
24 hours a day 7 days a week at
team@alliedpowerandcontrol.com

For years you have known us for power distribution and motor control. We now want to introduce our UL508A certified panel shop in Hanover, MD where you can expect the same best in class responsiveness, customer service, and deep intellectual expertise for all your industrial control panel and motor control needs.

What does a UL508A certified panel shop mean?

The UL508A Standard covers many aspects of enclosed motor control and panel production, including:

- All panel components are UL recognized and listed
- The complete assembled panel complies with UL standards and adherence to national electric codes
- Our shop is subject to rigorous unannounced inspections by UL field inspectors to check how our panels are built, confirm our wiring methods, and scrutinize where we buy our stock components and raw materials from.

What can Allied Power and Control build for me?

We offer complete design-build services and production for motor control and industrial control panels. Our team in Hanover, MD includes control engineers, mechanical engineers, panel assemblers, and technical sales staff. We offer 3D modelled drawings, CAD schematics, engineering review, assembly, testing, and more. From our facility we can build:

- Enclosed motor starters and combination motor control
- Fan and pump control panels
- Wastewater control systems
- Enclosed VFDs and Soft Starters
- Conveyor control panels
- Lighting control panels
- Elevator disconnects and fusible shunt trip disconnects

Why should I choose Allied Power and Control?

Ask anyone who has worked with us over the years and we hope they will tell you that we truly embody our mission and our values.

Our mission To earn and preserve the trust of each customer through their experience of choosing Allied Power and Control.

Our Values

- Be operationally excellent
- Act with high business integrity
- Ship high quality products
- Offer competitive pricing
